

**441.575 MHz Simplex is the UHF 70cm Radio  
Frequency coordinated with LCSARO for use within  
Northeast District of Eugene in the event of  
Emergencies**

1. This is Call Sign. ORL, QRL, Is this frequency in use? Call Sign.
2. This is Call Sign. QST, QST, Here is a message to all amateurs. Call Sign
3. This Station is attempting to conduct a Radio Frequency Test of UHF Frequency 441.575 MHz Simplex coordinated with LCSARO for use by HAM's operating within the Northeast District of Eugene in the event of Emergencies.
4. This is a monthly test of our District UHF Emergency Radio Frequency transmission and reception signal strength on Simplex, without the benefit of radio repeaters. This Radio Frequency Test occurs monthly on the 2<sup>nd</sup> Wednesday at 1930 hours.
5. All HAM's tuned to this frequency and interested in Emergency Communications are encouraged to participate in this Radio Test Net by Checking-in when I call on each of our four neighborhoods, Crescent (identified by Northeast Neighbors on your map), Harlow, Cal Young and Goodpasture Island neighborhoods, clockwise starting from my location, Crescent, in the north. Then I will follow with a call for any Ham's anywhere to Check-in.
6. This Frequency Test Net will be conducted as a Directed Net to help control radio traffic so that everybody gets heard. To participate in this Net, please Check-In with your Call Sign using ITU phonetics, your name, your NEW LOCATION if you are not transmitting from your QTH on record, and describe how well you Copy my transmission. Once you are Checked-In, you no longer need to use ITU Phonetics for your Call Sign identification.
7. All stations Checking-In to this net are requested, but not required, to remain on frequency until the net has been secured. Your Radio Relays are encouraged for station signals I do not recognize.
8. Before we begin this Frequency Test Net, Are there any stations with emergency, priority or health and welfare traffic? Please call now. *(pause 5-6 secs.)*
9. Are there any stations with QST's, other bulletins or announcements? Please call now. *(pause 5-6 secs.)*
10. Are there any stations requesting an early out? Please Check-In with your Signal Report. *(pause 5-6 secs.)*
11. Does anyone need contact with any station needing to be out early? Please call now. *(pause 5-6)*
12. Are there any mobiles? Please Check-In with your Cross Street location and Signal Report now. *(pause 5-6 secs.)*

13. Are there any stations on emergency power? Please Check-In now with your Signal Report. *(pause 5-6 secs.)*
14. We will now begin Check-in's by neighborhoods within the Northeast District of Eugene starting in the North off Crescent, with the Northeast Neighbors neighborhood. Please Check-In now. *(pause 5-6 secs.)*
15. Are there any Relays from calls in the North from the Northeast Neighbors neighborhood off Crescent, not recognized by the Net? Please call now. *(pause 5-6 secs.)*
16. I will now take Check-In's from stations operating in the Northeast District of Eugene Neighborhoods in the East, off Harlow Road or Martin Luther King Jr. Blvd in the Harlow Neighbors neighborhood, please Check-In now. *(pause 5-6 secs.)*
17. Are there any Relays from calls in the East, from the Harlow neighborhood, not recognized by the Net? Please call now. *(pause 5-6 secs.)*
18. I will now take Check-In's from stations operating in the Northeast District of Eugene Neighborhoods in the South, off Cal Young or Oakway Road, Norkenzie or Gillham south of the Beltline in the Cal Young neighborhoods, please Check-In now. *(pause 5-6 secs.)*
19. Are there any Relays from calls in the South, from the Cal Young neighborhoods not recognized by the Net? Please call now. *(pause 5-6 secs.)*
20. I will now take Check-In's from stations operating in the Northeast District of Eugene Neighborhoods in the West, from the Goodpasture Island neighbors, please Check-In now. *(pause 5-6 secs.)*
21. Are there any Relays from calls in the West, from Goodpasture Island neighbors not recognized by the Net? Please call now. *(pause 5-6 secs.)*
22. I will now take Check-In's with Signal Report from any Station anywhere. Please Check-In now. *(pause 5-6 secs.)*
23. Are there any Relays from any calls not recognized by the Net? Please call now. *(pause 5-6 secs.)*
24. This completes the Northeast District of Eugene 441.575 MHz EMERGENCY RADIO FREQUENCY TEST. I will scan my written report to the Northeast District of Eugene CERT Leader and the Northeast District Ham's Group mailing list. Would any other station wish to receive this scan?
25. Reminder to all Stations, let's get together again on the Radio, this Saturday, April 11th, at 10 o'clock on this frequency, 441.575 MHz Simplex for the Ferry Street Net and resume our meeting agenda items on the radio.
26. Is there any other Northeast District Ham business before the net is closed? Please call now. *(pause 5-6 secs.)*

27. Hearing nothing further, I wish to thank all stations for participating, help and relays. Thanks to LASARO and W7ARD for providing emergency preparation leadership through Amateur Radio. And thanks to those stations who stood by to give us a clear operating frequency for this test net.
28. This concludes the Radio Frequency Signal Strength Test of UHF Frequency 441.575 MHz coordinated with LCSARO for use by HAM's operating within the Northeast District of Eugene in the event of Emergencies. Our next test will be the 2<sup>nd</sup> Wednesday of next month, May 13th, at 1930 hrs.
29. This is Call Sign, Name, Location securing the monthly Northeast District of Eugene Emergency Operations Frequency 441.575 MHz Test Net at {military time}. The frequency is now open for general Amateur Radio use, Call Sign.
